Olshausenstr. 6, 24118 Kiel

Vinzent Ferfers • CV • Page 1 of 2

EDUCATION

since 10 / 2024	Master: studying M. Sc. in Biological Oceanography GEOMAR - Kiel University (CAU)
09 / 2025 – 01 / 2026	Semester abroad - ERASMUS+ scholarship University of the Azores (Azores / Portugal)
04 / 2026 – 05 / 2026	WASCAL Floating-University - FYORD Grand RV Polarstern (PS 154/2 / WASCAL-IV)
Current Project 08 / 2026 – (11 / 2026)	SUBSIM Internship - ERASMUS+ scholarship Subsea CV model training for benthic assessment & automated monitoring (Sweden)
10 / 2020 – 09 / 2025	Bachelor: B. Sc. in Biology Kiel University (CAU)
09 / 2022 – 12 / 2022	Semester abroad - ERASMUS+ scholarship University of Aberdeen (Scotland / UK)
02 / 2023 – 05 / 2023	Internship abroad - DAAD scholarship Luminocean (Indonesia)

LEADERSHIP & REPRESENTATION

since 12 / 2020	Student Representative Kiel University – GEOMAR – FYORD
Evaluation skills:	• FYORD steering committee: Budget allocation - Grand evaluation - Master's representation • appointment committee for new faculty positions • active member in decision-making of student council of Biology and Biological Oceanography
since 06 / 2024	Supervisor for Scientific Diving Operations (KFT) Geological Institute Kiel University
Management skills:	• conducting risk assessments and project planning • coordinating a team of scientific divers

RESEARCH & PROFESSIONAL EXPERIENCE

07 / 2023 – 08 / 2025	Research Assistant – Prof. Dr. Frank Melzner B.Sc. Thesis GEOMAR Helmholtz-Centre for Ocean Research
Ecophysiology:	• Bachelor thesis: simulating future ocean temperatures and measuring <i>A. rubens</i> immune activity using flow cytometry and coelomocytes under Sea Star Wasting Disease (SSWD) symptoms at different temperature treatments
Monitoring skills:	• monitoring local sea star populations for symptoms of SSWD using snorkel and camera-based surveys • Co-author: https://doi.org/10.64898/2026.01.16.699924
Microbiology:	• simulated ocean warming to investigate <i>Vibrio</i> densities in seawater and coelomic fluid of sea stars

04 / 2025 – 08 / 2025

Research Assistant – Dr. Mark Lenz / GAME

GEOMAR Helmholtz-Centre for Ocean Research

- Communication skills:**
- held lectures on light pollution for Kiel's first marine science exhibition centre, with upwards of 50 listeners
 - organised outreach events on microplastics
- Marketing skills:**
- developed and implemented social media strategies to optimize public presence

06 / 2023 – 03 / 2025

Research Assistant – Dr. Meike Stumpp in collaboration with Dr. Marian Hu

Zoological Institute Kiel University

Physiological Institute Kiel University

- Animal culture skills:**
- establishment and maintenance of whole life cycle rearing system for sea urchin *Lytechinus pictus* as a model organism
 - maintaining sea urchin culture with up to 100 animals over 2 years
 - seawater manipulations (filtration, alkalinity & salinity)
- Scientific collaboration:**
- knowledge exchange with culturing operation at Scripps Institution of Oceanography (San Diego), with 60 live animals transported to Germany

FIELD OPERATIONS & SCIENTIFIC DIVING

since 07 / 2022

Research Vessel (RV) experience

GEOMAR Helmholtz-Centre for Ocean Research

- Offshore sampling skills:**
- RV Polarstern, RV Alkor, RV Littorina
 - CTD, Multinet, Van Veen Grab, Box Corer, ARGO-Float, Drop-down Camera, Weatherballon, Dredge, mini-RUV

since 08 / 2022

Scientific Diver (KFT)

Geological Institute Kiel University

- Scientific diving skills:**
- population disease and reef health assessments
 - operational diver repairing underwater measuring hub
 - seagrass meadow pore water sampling
 - archaeological documentation of underwater section of UNESCO World Heritage Site

INTERNATIONAL EXPERIENCE

Studied, worked, conducted field research and community projects across multiple countries and cultural contexts.

- | | | |
|------------------|---------------------|--------------------------|
| • Hawai'i, USA | • Ciénega, Colombia | • Banda Neira, Indonesia |
| • Kaukab, Israel | • Scotland, UK | • Azores, Portugal |
| | | • Gothenburg, Sweden |

QUALIFICATIONS

- | | | |
|------------------------------|---------------------|-------------------------------|
| • Data analysis (R / Python) | • Habitat mapping | • Intercultural communication |
| • Machine learning / CV | • Team coordination | • Underwater documentation |
| • Project planning | • mini-RUV piloting | • Reef health monitoring |
| • Risk assessments | • Biigle annotation | • Ship safety training |

HOBBIES

- | | | |
|-------------------|------------|-----------|
| • Surfing | • Running | • Dancing |
| • Meeting Friends | • Swimming | • Diving |
